EXHIBIT B
SECOND AMENDED AND RESTATED COMMUNITY AUTHORITY BOARD
ESTABLISHMENT AGREEMENT

**SECOND AMENDED AND RESTATED
FACILITIES FUNDING AND ACQUISITION AGREEMENT**

This **SECOND AMENDED AND RESTATED FACILITIES FUNDING AND ACQUISITION AGREEMENT** (“**Agreement**”) is entered into this 6th day of June, 2024, and made effective as of the 23rd day of September, 2021, by and between the **PRAIRIE POINT COMMUNITY AUTHORITY BOARD**, a public corporation and political subdivision of the State of Colorado (the “**CAB**”), and **CLAYTON PROPERTIES GROUP, INC.**, a Tennessee corporation duly authorized to transact business in Colorado, formerly known as Clayton Properties Group II, Inc., a Colorado corporation (the “**Developer**”). For purposes of this Agreement, the CAB and the Developer are individually referred to as a “**Party**” and collectively as the “**Parties**.”

RECITALS

A. The Developer (i) , either itself or by virtue of being the surviving entity in the merger between itself and Clayton Properties Group II, Inc., is developing property within a project located in the City of Aurora, Colorado, commonly known as Prairie Point, formerly known as Kings Point (the “**Property**”) and has otherwise been involved in the development of the Property as contemplated herein and (ii) in connection with such development, intends to enter into multiple Purchase and Sale Agreements with various builders, pursuant to which each such builder would purchase a portion of the Property and deliver letters of credit (each, a “**Builder Letter of Credit**” and, collectively, the “**Builder Letters of Credit**”) as a portion of the purchase price thereunder to secure payment of a portion of the cost of developing the Property, which Letters of Credit shall be held in escrow (the “**PCIIA Escrow**”) by Clifton Larson Allen LLP (“**CLA**”) pursuant to a Post-Closing Infrastructure Improvements Agreement (“**PCIIA**”), to which the Developer, such builders (“**Builders**”) and the CAB are parties.

B. The CAB was organized by Prairie Point Metropolitan District Nos. 1, 2 and 3, formerly known as Kings Point Metropolitan District Nos. 1, 2 and 3 (the “**Districts**”), and pursuant to the laws of the State of Colorado in order to finance, construct, operate and maintain certain public facilities and improvements in accordance with the Third Amended and Restated Prairie Point Community Authority Board Establishment Agreement, dated May 2, 2024, having an original effective date of September 16, 2021, as may be amended or amended and restated from time to time (the “**CABEA**”), and each of the service plans for the Districts.

C. The Property is within the CAB’s Service Area (as defined in the CABEA), and the CAB and the Districts were formed to provide public improvements to the Service Area, including to the Prairie Point development (the “**Improvements**”).

D. Pursuant to the CABEA, the CAB is permitted to enter into contracts and agreements affecting the affairs of the CAB.

E. In order for the Property to be developed, the Improvements need to be constructed and/or acquired.

F. The CAB does not have sufficient monies currently available to fund the cost of the Improvements or to acquire the Improvements at this time.

G. Funds related to the design, testing, engineering, and construction of the Improvements, together with the related consultant and management fees associated with the construction of the Improvements, have been or will be expended by the Parties (“**Construction Related Expenses**”).

H. It is anticipated that the CAB will issue its Limited Tax Supported Revenue Bonds, Series 2024A (the “**Series 2024A Bonds**”), and its Subordinate Limited Tax Supported Revenue Bonds, Series 2024B (the “**Series 2024B Bonds**”), the proceeds of which (i) may be used in part to reimburse the Developer for advances made to the CAB or on behalf of the CAB for Construction Related Expenses, or the acquisition of Improvements, if applicable, and (ii) will be deposited in the PCIIA Escrow and disbursed in accordance with the PCIIA.

I. It is also anticipated that, at or about the date of issuance for the Series 2024A Bonds and the Series 2024B Bonds, the CAB will issue its Junior Subordinate Limited Tax Supported Revenue Bonds, Series 2024C (the “**Series 2024C Bonds**” and collectively with the Series 2024A Bonds and the Series 2024B Bonds, the “**Series 2024 Bonds**”), pursuant to the Series 2024C Bonds Junior Subordinate Indenture of Trust (the “**Series 2024C Junior Subordinate Indenture**”).

J. The Series 2024C Bonds will be structured as “draw down” bonds, in that each such bond, also referred to as a “draw” or an “advance” (referred to for purposes of this Agreement as a “**Series 2024C Draw Down Bond**”), will be issued to CMH Capital, Inc., a Delaware corporation (“**CMH Capital**”), as the designee of the Developer, upon either (a) the deposit of monies, by or on behalf of the Developer, into the Project Fund (as defined in the Series 2024C Junior Subordinate Indenture), at which point a Series 2024C Draw Down Bond in that same amount will be issued to CMH Capital, or (b) the provision of a certified engineer’s report to the CAB stating the amount of Improvement costs and Construction Related Expenses owed, at which point such certified amount will be (1) advanced by the Developer to the CAB pursuant to this Agreement for payment consistent with the certified engineer’s report and (2) exchanged pursuant to the Series 2024C Junior Subordinate Indenture for a Series 2024C Draw Down Bond issued to CMH Capital (such Series 2024C Draw Down Bond based upon a certified engineer’s report, an “**Advanced 2024C Draw Down Bond**”); with each such Series 2024C Draw Down Bond contemplated to be issued in minimum denominations of \$100,000 (or integral multiples of \$1,000 in excess thereof).

K. In order to encourage development of the Property, the CAB and the Developer previously determined that, prior to the issuances of the Series 2024 Bonds, it would be in the best interests of the CAB for the Developer to advance funds to the CAB, or to Prairie Point Metropolitan District No. 1 (“**District No. 1**”) on behalf of the CAB, as may be necessary, for Construction Related Expenses (the “**Pre-Issuance Advances**”), which the CAB desires to reimburse to the Developer as provided herein.

L. The CAB and the Developer acknowledge that, following the issuances of the Series 2024 Bonds, including, without limitation, until such time as the maximum amount of the

Series 2024C Draw Down Bonds has been drawn, it will be in the best interests of the CAB for the Developer to advance funds to the CAB, as may be necessary, for Construction Related Expenses (the “**Post-Issuance Advances**”), which the CAB desires to reimburse to the Developer as provided herein.

M. The CAB desires to reimburse the Developer for funds advanced to the CAB, or to District No. 1 on behalf of the CAB, in relation to the Construction Related Expenses, as provided herein, and to acquire such Improvements completed by the Developer, if applicable.

N. The CAB and the Developer desire to set forth the rights, obligations, and procedures for the acquisition of the Improvements, if applicable, and for the CAB to reimburse the Developer, all as provided herein.

O. Prior to the formation of the CAB, District No. 1 and Kings Point Development Company, a Colorado corporation (the “**Former Developer**”), entered into a Facilities Funding and Acquisition Agreement, dated August 25, 2005, as amended by the First Amendment to Facilities Funding and Acquisition Agreement, dated November 29, 2007 (collectively, the “**KPDC FFAA**”).

P. The Developer purchased the Property from the Former Developer in May 2021, and the Former Developer executed a Termination of Facilities Funding and Operation Funding Agreements, whereby any amounts owed to the Former Developer from January 1, 2016, to May 19, 2021, under the KPDC FFAA (the “**KPDC Capital Costs**”) were transferred to the Developer.

Q. Prior to the formation of the CAB, District No. 1 entered into a Facilities Funding and Acquisition Agreement dated August 5, 2021, with Clayton Properties Group II, Inc. (the “**Clayton/District 1 FFAA**” and, together with the KPDC FFAA, the “**Prior FFAA**”).

R. The Developer made advances to District No. 1 pursuant to the terms of the Clayton/District 1 FFAA (the “**Clayton Capital Costs**” and, together with the KPDC Capital Costs, the “**Prior Capital Costs**”).

S. The Parties desire to prioritize the CAB’s payment of any outstanding Prior Capital Costs, Pre-Issuance Advances, Post-Issuance Advances, and otherwise acknowledge the CAB’s obligations relative to the 2024C Draw Down Bonds as set forth in the Series 2024C Junior Subordinate Indenture.

NOW, THEREFORE, in consideration of the foregoing and the respective agreements of the Parties contained herein, the Parties agree as follows:

COVENANTS AND AGREEMENTS

ARTICLE I FUNDING OF ORGANIZATION EXPENSES

1.1 Acknowledgment of Expenses. Prior to the organization of the CAB, the Developer advanced funds to the Districts, and on behalf of the Districts for construction related

expenses that shall be treated as Construction Related Expenses for purposes of this Agreement. In addition, the Developer advanced funds to the Districts for payment of the organization expenses of the CAB that shall also be treated as Construction Related Expenses for purposes of this Agreement.

ARTICLE II FUNDING OF IMPROVEMENTS TO BE CONSTRUCTED BY THE CAB

2.1 Improvements Constructed by the CAB. The Parties acknowledge that the CAB will design, construct, and complete certain Improvements and incur Construction Related Expenses in accordance with the provisions of this Article.

2.2 Acknowledgement of Anticipated Shortfall. The Developer acknowledges that in connection with the construction of the Improvements, the CAB has incurred, and will continue to incur, Construction Related Expenses in reliance upon the Developer's commitments herein to provide funding. The current estimated costs that the CAB may need from Developer to cover Construction Related Expenses and otherwise complete construction of the Improvements, including contingencies, is not anticipated to exceed One Hundred Twenty-Three Million (\$123,000,000) Dollars (the "**Shortfall Amount**").

2.3 Payment of Shortfall. The Developer shall advance funds necessary to fund the Construction Related Expenses and costs of Improvements incurred by the CAB on a periodic basis as needed, up to the Shortfall Amount. The CAB shall, from time to time, provide written notice to the Developer that an advance of all or part of the Shortfall Amount is required. The Developer shall for advance payment requests for anticipated costs, make an advance of funds to the CAB within fifteen (15) days of receipt from the CAB of any such written notice that an advance of funds is required ("**Developer Advance(s)**"). For payment requests made to Builders under the PCIIA for costs incurred, the PCIIA shall provide that such payment shall be made within five (5) business days of receipt from the CAB of (1) a Final CAB Engineer's Report and Verification of Costs pertaining thereto (such payments shall also be considered Developer Advances) and, if applicable, (2) a Final Cost Certification from CLA as to any soft costs (including legal, accounting, and management costs) associated with capital expenditures pertaining thereto (such payments shall also be considered Developer Advances). Such Developer Advances shall first be securitized as an Advanced 2024C Draw Down Bond (as such term is defined herein), pursuant to the Series 2024C Junior Subordinate Indenture, until such time as the maximum amount of the Series 2024C Draw Down Bonds has been drawn. Thereafter, such Developer Advances shall be advanced as Post-Issuance Advances in accordance with this Agreement and reimbursed to the Developer pursuant to the terms hereof.

(a) Construction Contracts. The Developer acknowledges the CAB requires funds to be on deposit prior to the award of a construction contract. Therefore, to the extent that there are not available proceeds of the Series 2024A Bonds or the Series 2024B Bonds in the PCIIA Escrow, the CAB will provide the Developer with a funding request in writing prior to the award of a construction contract, which request shall contain the name of the contractor, the scope of the work and the total bid amount (the "**Construction Contract Funding Notice**"). Within five (5) business days of receipt of the Construction Contract Funding Notice, the Developer will provide the CAB with the

funds necessary to cover the full amount of the construction contract by either depositing such funds with the CAB, or providing or supplementing the Letter of Credit (defined in Article IV), which can be satisfied to the extent of any available Builder Letters of Credit then being held in the PCIIA Escrow under the PCIIA. If after posting a Letter of Credit pursuant to this Section 2.3(a), such Letter of Credit shall be returned to Developer to the extent of any available Series 2024A Bond proceeds, Series 2024B Bond proceeds, or Builder Letters of Credit in the PCIIA Escrow.

2.4 Accounting. The CAB shall keep an accounting of each Developer Advance, including the accrued and unpaid interest thereon, and shall provide unaudited financial statements reflecting this accounting to the Developer upon request from the Developer.

ARTICLE III CONSTRUCTION OF IMPROVEMENTS TO BE ACQUIRED BY THE CAB

3.1 Improvements Acquired by CAB. The Parties agree that, to the extent the Developer requests the CAB acquire any Improvements pursuant to this Agreement, the CAB shall obtain a certification of an independent engineer that the Construction Related Expenses are reasonable and comparable for similar projects as constructed in the Denver Metropolitan Area, and verification from the CAB's accountant that the Construction Related Expenses are reimbursable ("**Verified Costs**") based on the copies of the invoices, bills, and requests for payment provided to the CAB pursuant to Section 3.4 herein. The Developer shall provide the CAB and/or the independent engineer with written evidence of the date that payment was made by the Developer for all Verified Costs. The Developer shall advance to the CAB funds necessary to pay the costs incurred by the CAB for such review and cost verification, including legal, accounting, management, and engineering expenses.

3.2 Construction Contract Requirements. The Developer agrees that any construction contract for all or any portion of the Improvements shall require the contractor, and if the Developer is the contractor, the Developer to provide a warranty from the date of initial acceptance of the completed Improvements and a security mechanism to secure the warranty approved by the CAB or as required by the applicable government entity to which the Improvements shall be dedicated.

3.3 Periodic Reports. If the CAB so requests, the Developer will provide periodic reports on the status of completion of any Improvements the Developer is installing and/or accounting of Construction Related Expenses.

3.4 Acquisition of the Improvements. If applicable, the CAB shall acquire the Improvements after preliminary acceptance from the appropriate accepting jurisdiction and prior to final acceptance upon receipt, review and approval by the CAB's accountant and engineer, as applicable, of the following:

- (a) As-built drawings for the Improvements to be conveyed by the Developer;
- (b) Lien waivers and indemnifications from each contractor verifying that all amounts due to contractors, subcontractors, material providers, or suppliers have been paid in full, in a form acceptable to the CAB;

(c) An assignment from the Developer to the CAB of any warranties associated with the Improvements, in a form acceptable to the CAB, such as a warranty agreement;

(d) Copies of all contracts, pay requests, change orders, invoices and evidence of payment of same, the final AIA payment form (or similar form approved by the CAB), canceled checks, and any other requested documentation to verify the amount of reimbursable Construction Related Expenses requested;

(e) An executed Bill of Sale conveying the Improvements to the CAB, substantially in the form attached hereto as **Exhibit A**; and

(f) Such other documentation, records and verifications as may reasonably be required by the CAB.

ARTICLE IV LETTER OF CREDIT

4.1 **Letter of Credit.** Concurrently with the execution of this Agreement, the Developer shall deliver to the CAB an irrevocable letter of credit procured from a federally insured banking institution (the “**Letter of Credit**”). The Letter of Credit shall name the CAB as the sole beneficiary, and shall be in a form and manner, and include terms, acceptable to the CAB in its reasonable discretion.

4.2 **Amount.** The Letter of Credit shall be in the amount matching the total contract amounts for construction of the Improvements listed on **Exhibit B**, attached hereto and incorporated herein by this reference, as may be updated from time to time by the mutual written agreement of the Parties, but in no event greater than the Shortfall Amount and taking into account all Letters of Credit. The Letter of Credit may be supplemented by one or more additional letters of credit (including Builder Letters of Credit) from time to time for other necessary Improvements for which the Developer agrees to make Developer Advances and the CAB agrees to construct. Any such supplemental letters of credit shall be included in the definition of “Letter of Credit” for purposes of this Agreement and shall otherwise meet the requirements of this Article.

4.3 **Term.** The Letter of Credit shall have a term of at least one (1) year that automatically renews for consecutive periods of not less than one (1) year.

4.4 **Draws.** The Letter of Credit shall provide for partial draws. If the Developer fails, within the time frame specified in Section 2.3 above, to make any Developer Advance pursuant to this Agreement that are needed for the payment of a contract for Improvements that the CAB has agreed to construct and the Developer has agreed to fund, the CAB may make a demand for payment under any of the Letters of Credit in an amount equal to the requested Developer Advance for the construction of Improvements. In the event the costs associated with the construction of Improvements are less than the amounts set forth herein or as initially determined by the CAB for future Improvements, the Developer may reduce the amount under the applicable Letter of Credit to amounts approved by the CAB. In addition, from time to time the Developer may request reductions in the amount of the Letter of Credit based on Developer

Advances made to the CAB for the Improvement for which the Letter of Credit was issued. The approval of such requests shall be in the sole discretion of the CAB and the Developer shall keep the Letter of Credit in full force and effect until the earlier of the final payment for all contracts related to the construction of the applicable Public Improvements, as approved by the Board, or upon the termination of this Agreement.

ARTICLE V REIMBURSEMENT OF DEVELOPER

5.1 Reimbursement of Developer. Subject to the receipt of funding pursuant to this Agreement, the CAB agrees to make payment to the Developer for all Prior Capital Costs, Pre-Issuance Advances, and Post-Issuance Advances, together with interest thereon, unless otherwise agreed to in writing by the Parties.

5.2 Reimbursement Obligations; Priority. The Parties acknowledge that the Former Developer is not entitled to any reimbursement or payment related to the Prior Capital Costs or otherwise, from the CAB or any of the Districts. The CAB acknowledges that it is responsible for the reimbursement obligations contemplated hereunder as they may relate to Prior Capital Costs, Pre-Issuance Advances, and Post-Issuance Advances. The Parties agree the CAB is responsible to make such payments, which will credit in the following order:

- (a) Against the principal amount of any Prior Capital Costs.
- (b) Against accrued and unpaid interest related to any Prior Capital Costs.
- (c) Against the principal amount of the Pre-Issuance Advances.
- (d) Against accrued and unpaid interest related to outstanding Pre-Issuance Advances.
- (e) Against the principal amount of the Post-Issuance Advances.
- (f) Against accrued and unpaid interest related to outstanding Post -Issuance Advances.

5.3 Interest. Simple interest will accrue on Prior Capital Costs, Pre-Issuance Advances, and Post-Issuance Advances, at the rate of six percent (6%) per annum, until paid, in accordance with the Section:

- (a) For Pre-Issuance Advances and Post-Issuance Advances, simple interest will accrue as follows:
 - (i) On each Construction Related Expense, from the date of deposit into the CAB's account.
 - (ii) On Verified Costs for amounts expended by the Developer for Improvements constructed after the Organization Date, from the date Verified Costs were incurred by the Developer.

(b) For Clayton Capital Costs, from the date such Clayton Capital Costs were incurred by the Developer, subject to Section 5.5.

(c) For KPDC Capital Costs, from January 1, 2016, subject to Section 4.5.

5.4 Funding Requirement. The Parties agree that no payment shall be required of the CAB hereunder unless and until the CAB issues bonds in an amount sufficient to reimburse the Developer for all or a portion of the Prior Capital Costs and Pre-Issuance Advances. The CAB agrees to exercise reasonable efforts to issue bonds to reimburse the Developer subject to the limitations herein. The CAB anticipates issuing the Series 2024 Bonds. In addition, the CAB agrees to use any available moneys not otherwise pledged to payment of bonds, used for operation and maintenance expenses, or otherwise encumbered, to reimburse the Developer. It is hereby agreed and acknowledged that this Agreement evidences an intent to reimburse the Developer hereunder, but that this Agreement shall not constitute a debt or indebtedness of the CAB within the meaning of any constitutional or statutory provision, nor shall it constitute a multiple fiscal year financial obligation for the purposes of Article X, Section 20 of the Colorado Constitution, and the making of any reimbursement hereunder shall be at all times subject to annual appropriation by the CAB. By acceptance of this Agreement, the Developer agrees and consents to all of the limitations in respect of the payment of the principal and interest due hereunder and in each of the Districts' respective Service Plans, entered into by and between each District and the City of Aurora, Colorado, approved on August 22, 2005.

5.5 Certification and Verification.

(a) Prior Capital Costs, Pre-Issuance Advances, and Post-Issuance Advances. Notwithstanding any other provision of this Agreement, the Developer shall only be entitled to reimbursement, with interest, relating to Prior Capital Costs, Pre-Issuance Advances, and Post-Issuance Advances, to the extent that the CAB obtains a certification of an independent engineer that such amounts are reasonable and comparable for similar projects as constructed in the Denver Metropolitan Area, and verification from the CAB's accountant that such amounts are reimbursable based on the copies of the invoices, bills, and requests for payment provided to the CAB pursuant to any request for payment, which request shall meet those requirements set forth in Section 3.4 of this Agreement as they relate to the acquisition of Improvements, if applicable.

(b) Cost Verification. The Developer shall be obligated to advance to the CAB the funds necessary to pay the costs incurred by the CAB for the cost verification processes contemplated in this Agreement, including, without limitation, legal, accounting, management, and engineering expenses.

ARTICLE VI 2024C DRAW DOWN BONDS

6.1 Payment Obligation of 2024C Draw Down Bonds. The Parties acknowledge and agree that any and all obligations relating to the 2024C Draw Down Bonds (including any Advanced 2024C Draw Down Bonds) shall be created, and otherwise be exclusively subject to, the Series 2024C Junior Subordinate Indenture. In accordance with the Series 2024C Junior

Subordinate Indenture, the CAB acknowledges that it is responsible for and therefore agrees to make payment in satisfaction of, the 2024C Draw Down Bonds. The CAB acknowledges and agrees that interest will accrue on the 2024C Draw Down Bonds in accordance with the Series 2024C Junior Subordinate Indenture.

6.2 Certification of Advanced 2024C Draw Down Bonds. Notwithstanding any provision of this Agreement to the contrary, the Parties agree that any and all amounts corresponding with an Advanced 2024C Draw Down Bond must, prior to being exchanged for a 2024C Draw Down Bond pursuant to the Series 2024C Junior Indenture, go through the cost certification and verification process as described in Section 5.5 of this Agreement.

ARTICLE VII GENERAL PROVISIONS

7.1 Representations. The Developer hereby represents and warrants to and for the benefit of the CAB as follows:

(a) The Developer is a Colorado corporation in good standing and qualified to conduct business under the laws of the State of Colorado.

(b) The Developer has the full power and legal authority to enter into this Agreement. Neither the execution and delivery of this Agreement nor the compliance by the Developer with any of its terms, covenants or conditions is or shall become a default under any other agreement or contract to which the Developer is a party or by which the Developer is or may be bound. The Developer has taken or performed all requisite acts or actions that may be required by its organizational or operational documents to confirm its authority to execute, deliver and perform each of its obligations under this Agreement.

(c) The Developer represents that it has sufficient available funds to fulfill its obligations under this Agreement.

(d) The foregoing representations and warranties are made as of the date hereof and shall be deemed continually made by the Developer to the CAB for the entire term of this Agreement.

7.2 Term; Repose. Notwithstanding anything set forth in this Agreement to the contrary, the CAB shall not be obligated to the Developer for any Clayton Capital Costs, Pre-Issuance Advances, or Post-Issuance Advances incurred by the Developer, but not invoiced (as evidenced by the delivery of the documents described in Article 3 above) to the CAB within one hundred eighty (180) days of the date incurred. In the event the CAB has not paid or reimbursed the Developer for any Prior Capital Costs, Pre-Issuance Advances, or Post-Issuance Advances by December 31, 2064, whether invoiced or not invoiced by such date, any amount of principal and accrued interest outstanding on such date shall be deemed to be forever discharged and satisfied in full. Any termination of obligations relating to the Advanced 2024C Draw Down Bonds shall be exclusively as set forth in the Series 2024C Junior Subordinate Indenture.

7.3 Termination of Reimbursement Obligations. Notwithstanding any provision herein to the contrary, the CAB's obligations to reimburse the Developer for any Prior Capital Costs, Pre-Issuance Advances, or Post-Issuance Advances advanced or otherwise payable to the Developer under and pursuant to this Agreement (whether the Developer has already advanced or otherwise paid such funds or intends to make such advances or payments in the future) shall terminate automatically and be of no further force or effect upon the occurrence of (a) Developer's voluntary filing of a Chapter 7 bankruptcy petition (liquidation), so long as prior to such filing mutually agreed alternative provisions have been made (by issuance of a bond by the CAB, or otherwise) for the obligation to reimburse the Developer required under this Agreement (provided that Developer has complied with its obligations provided in the second to last sentence of this Section); or (b) administrative dissolution (or other legal process not initiated by the Developer dissolving the Developer as a legal entity) that is not remedied or cured within sixty (60) days of the effective date of such dissolution or other process, and if not remedied within such sixty (60)-day period, such termination shall occur so long as prior to the end of such sixty (60)-day period mutually agreed alternative provisions have been made (by issuance of a bond by the CAB, or otherwise) for the obligation to reimburse the Developer required under this Agreement (provided that Developer has complied with its obligations provided in the second to last sentence of this Section). The termination of the CAB's reimbursement obligations as set forth in this Section shall be absolute and binding upon the Developer, its successors, and assigns. The Developer, by its execution of this Agreement, waives and releases any and all claims and rights, whether existing now or in the future, against the CAB relating to or arising out of the CAB's reimbursement obligations under this Agreement in the event that any of the occurrences described in this Section occur. In the event the Developer intends to proceed to voluntarily dissolve, liquidate, wind-up, or cease to carry on business activities as a going concern (including as a result of the filing of a petition in bankruptcy), the Developer will provide prior written notice of such intent to the CAB and the Developer and the CAB will work in good faith to assure provision is made for the obligation to reimburse the Developer required under this Agreement as it is not the intent of the Parties that the obligation to reimburse be terminated under those circumstances. Any termination of obligations relating to the 2024C Draw Down Bonds shall be exclusively as set forth in the Series 2024C Junior Subordinate Indenture and is not governed by this Agreement.

7.4 Notices. All notices, demands, requests or other communications to be sent by one Party to the other hereunder or required by law shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the addressee or by courier delivery via FedEx or other nationally recognized overnight air courier service, by electronically-confirmed email transmission, or by depositing same in the United States mail, postage prepaid, addressed as follows:

PRAIRIE POINT METROPOLITAN DISTRICT NO. 1
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

Prairie Point Metropolitan District No. 1 (the "District") was organized December 10, 2001 by Order of the Arapahoe County District Court and has an Amended and Restated Service Plan dated August 22, 2005, (the "Service Plan") to provide financing for the design, acquisition, installation and construction of water, streets, public transportation, traffic safety, parks, open space and recreation, sewer and drainage facilities, mosquito control, limited fire protection and emergency medical, limited television relay and operation and maintenance of the District. The District's service area is located entirely within the City of Aurora in Arapahoe County, Colorado.

On August 3, 2023, Prairie Point Metropolitan District Nos. 1-3 (the "Districts") entered into that certain Second Amended and Restated Prairie Point Community Authority Board Establishment Agreement (the "CABEA"), having an effective date of September 16, 2021, creating the Prairie Point Community Authority Board (the "CAB"). The CAB was formed for the general purposes of coordinating the provision of services and Public Improvements for the Prairie Point development (the "Development") in accordance land use regulations and development standards of the City of Aurora and Arapahoe County. Among other items, the CABEA establishes that the CAB will issue indebtedness to finance the Public Improvements that the Districts are authorized to finance, construct and/or acquire pursuant to their respective Service Plans, and that the Districts will levy ad valorem property taxes and transfer the related revenue to the CAB for making payment towards such indebtedness and for funding administrative expenses of the Districts as well as operations and maintenance expenses related to the Development.

On November 6, 2018, District voters approved authorization to increase property tax up to \$20,000,000, annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$2,500,000,000 for the above listed facilities and \$250,000,000 for the purpose of refunding debt. The voters also authorized debt of \$250,000,000 for the cost of operating and maintaining the District's systems. The election provided for intergovernmental agreements as multi-fiscal year obligations and allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution or any other law. However, the District's Service Plan stipulates that the total debt that the District will be permitted to issue will not exceed \$250,000,000.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**PRAIRIE POINT METROPOLITAN DISTRICT NO. 1
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%	Lodging	\$30,000
			Oil & Gas Production	87.50%		

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District’s share will be equal to approximately 6% of the property taxes collected.

2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

Aurora Regional Improvements Mill Levy

Pursuant to the Service Plan, the District is required to impose a mill levy for payment of the planning, designing, permitting, construction, acquisition and financing of the regional improvements described in the ARI Master Plan. The ARI Master Plan is one or more master plans adopted by an ARI Authority establishing Regional Improvements which will benefit the taxpayers and service users of the districts which constitute such ARI Authority, which master plan will change from time to time. The District is a participant in the South Aurora Regional Improvement Authority. Revenues collected and held under the ARI mill levy will be held in a segregated account for the benefit of the Authority. The required mill levy is 1.000 mill for collection beginning in the first year of collection of a debt service mill levy and continuing for 20 years, and thereafter, for another 20 years (or until the date of repayment for debt incurred for Public Improvements (excluding Regional Improvements), whichever is first) the required mill levy is 5.000 mills, and for the following 10 years, the required mill levy is equal to the average debt service mill levy imposed in the 10 years prior to the date of repayment of the debt incurred for Public Improvements other than Regional Improvements.

Expenditures

Intergovernmental Expenditure – Prairie Point Community Authority Board

Property taxes generated from the mills levied by the District for operations and maintenance, net of fees and other administrative expenditures, are expected to be transferred to the CAB, which pays all other administrative expenditures.

County Treasurer’s Fees

County Treasurer’s fees have been computed at 1.5% of property tax collections.

Debt and Leases

The District has no outstanding debt. Additionally, the District has no operating or capital leases.

Reserve Funds

Emergency Reserves

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to Prairie Point Community Authority Board, which pays for all District’s operations and maintenance costs, an Emergency Reserve is not reflected in the District’s budget.

This information is an integral part of the accompanying budget.

I, Lisa A. Johnson, hereby certify that I am the duly appointed Secretary of the Prairie Point Metropolitan District No. 1, and that the foregoing is a true and correct copy of the budget for the budget year 2024, duly adopted at a meeting of the Board of Directors of the Prairie Point Metropolitan District No.1 held on December 7, 2023.

Notes:

^A **Taxing Entity**—A jurisdiction authorized by law to impose ad valorem property taxes on taxable property located within its territorial limits (please see notes B, C, and H below). For purposes of the DLG 70 only, a *taxing entity* is also a geographic area formerly located within a *taxing entity's* boundaries for which the county assessor certifies a valuation for assessment and which is responsible for payment of its share until retirement of financial obligations incurred by the *taxing entity* when the area was part of the *taxing entity*. For example: an area of excluded property formerly within a special district with outstanding general obligation debt at the time of the exclusion or the area located within the former boundaries of a dissolved district whose outstanding general obligation debt service is administered by another local government^C.

^B **Governing Body**—The board of county commissioners, the city council, the board of trustees, the board of directors, or the board of any other entity that is responsible for the certification of the *taxing entity's* mill levy. For example: the board of county commissioners is the governing board ex officio of a county public improvement district (PID); the board of a water and sanitation district constitutes ex officio the board of directors of the water subdistrict.

^C **Local Government** - For purposes of this line on Page 1 of the DLG 70, the *local government* is the political subdivision under whose authority and within whose boundaries the *taxing entity* was created. The *local government* is authorized to levy property taxes on behalf of the *taxing entity*. For example, for the purposes of this form:

1. a municipality is both the *local government* and the *taxing entity* when levying its own levy for its entire jurisdiction;
2. a city is the *local government* when levying a tax on behalf of a business improvement district (BID) *taxing entity* which it created and whose city council is the BID board;
3. a fire district is the *local government* if it created a subdistrict, the *taxing entity*, on whose behalf the fire district levies property taxes.
4. a town is the *local government* when it provides the service for a dissolved water district and the town board serves as the board of a dissolved water district, the *taxing entity*, for the purpose of certifying a levy for the annual debt service on outstanding obligations.

^D **GROSS Assessed Value** - There will be a difference between gross assessed valuation and net assessed valuation reported by the county assessor only if there is a “tax increment financing” entity (see below), such as a downtown development authority or an urban renewal authority, within the boundaries of the *taxing entity*. The board of county commissioners certifies each *taxing entity's* total mills upon the *taxing entity's* *Gross Assessed Value* found on Line 2 of Form DLG 57.

^E **Certification of Valuation by County Assessor, Form DLG 57** - The county assessor(s) uses this form (or one similar) to provide valuation for assessment information to a *taxing entity*. The county assessor must provide this certification no later than August 25th each year and may amend it, one time, prior to December 10th. Each entity must use the **FINAL** valuation provided by assessor when certifying a tax levy.

^F **TIF Area**—A downtown development authority (DDA) or urban renewal authority (URA), may form plan areas that use “tax increment financing” to derive revenue from increases in assessed valuation (gross minus net, Form DLG 57 Line 3) attributed to the activities/improvements within the plan area. The DDA or URA receives the differential revenue of each overlapping *taxing entity's* mill levy applied against the *taxing entity's* gross assessed value after subtracting the *taxing entity's* revenues derived from its mill levy applied against the net assessed value.

^G **NET Assessed Value**—The total taxable assessed valuation from which the *taxing entity* will derive revenues for its uses. It is found on Line 4 of Form DLG 57. **Please Note:** A downtown development authority (DDA) may be both a *taxing entity* and have also created its own *TIF area* and/or have a URA *TIF Area* within the DDA's boundaries. As a result DDAs may both receive operating revenue from their levy applied to their certified *NET assessed value* and also receive TIF revenue generated by any *tax entity* levies overlapping the DDA's *TIF Area*, including the DDA's own operating levy.

^H General Operating Expenses (DLG 70 Page 1 Line 1)—The levy and accompanying revenue reported on Line 1 is for general operations and includes, in aggregate, all levies for and revenues raised by a *taxing entity* for purposes not lawfully exempted and detailed in Lines 3 through 7 on Page 1 of the DLG 70. For example: a fire pension levy is included in general operating expenses, unless the pension is voter-approved, if voter-approved, use Line 7 (Other).

^I Temporary Tax Credit for Operations (DLG 70 Page 1 Line 2)—The Temporary General Property Tax Credit/ Temporary Mill Levy Rate Reduction of 39-1-111.5, C.R.S. may be applied to the *taxing entity*'s levy for general operations to effect refunds. Temporary Tax Credits (TTCs) are not applicable to other types of levies (non-general operations) certified on this form because these levies are adjusted from year to year as specified by the provisions of any contract or schedule of payments established for the payment of any obligation incurred by the *taxing entity* per 29-1-301(1.7), C.R.S., or they are certified as authorized at election per 29-1-302(2)(b), C.R.S.

^J General Obligation Bonds and Interest (DLG 70 Page 1 Line 3)—Enter on this line the total levy required to pay the annual debt service of all general obligation bonds. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments. Title 32, Article 1 Special districts and subdistricts must complete Page 2 of the DLG 70.

^K Contractual Obligation (DLG 70 Page 1 Line 4)—If repayment of a contractual obligation with property tax has been approved at election and it is not a general obligation bond (shown on Line 3), the mill levy is entered on this line. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments.

^L Capital Expenditures (DLG 70 Page 1 Line 5)—These revenues are not subject to the statutory property tax revenue limit if they are approved by counties and municipalities through public hearings pursuant to 29-1-301(1.2) C.R.S. and for special districts through approval from the Division of Local Government pursuant to 29-1-302(1.5) C.R.S. or for any *taxing entity* if approved at election. Only levies approved by these methods should be entered on Line 5.

^M Refunds/Abatements (DLG 70 Page 1 Line 6)—The county assessor reports on the *Certification of Valuation* (DLG 57 Line 11) the amount of revenue from property tax that the local government did not receive in the prior year because taxpayers were given refunds for taxes they had paid or they were given abatements for taxes originally charged to them due to errors made in their property valuation. The local government was due the tax revenue and would have collected it through an adjusted mill levy if the valuation errors had not occurred. Since the government was due the revenue, it may levy, in the subsequent year, a mill to collect the refund/abatement revenue. An abatement/refund mill levy may generate revenues up to, but not exceeding, the refund/abatement amount from Form DLG 57 Line 11.

1. Please Note: Pursuant to Article X, Section 3 of the Colorado Constitution, if the *taxing entity* is in more than one county, as with all levies, the abatement levy must be uniform throughout the entity's boundaries and certified the same to each county. To calculate the abatement/refund levy for a *taxing entity* that is located in more than one county, first total the abatement/refund amounts reported by each county assessor, then divide by the *taxing entity*'s total net assessed value, then multiply by 1,000 and round down to the nearest three decimals to prevent levying for more revenue than was abated/refunded. This results in an abatement/refund mill levy that will be uniformly certified to all of the counties in which the *taxing entity* is located even though the abatement/refund did not occur in all the counties.

^N Other (DLG 70 Page 1 Line 7)—Report other levies and revenue not subject to 29-1-301 C.R.S. that were not reported above. For example: a levy for the purposes of television relay or translator facilities as specified in sections 29-7-101, 29-7-102, and 29-7-105 and 32-1-1005 (1) (a), C.R.S.; a voter-approved fire pension levy; a levy for special purposes such as developmental disabilities, open space, etc.

I, Lisa A. Johnson, hereby certify that I am the duly appointed Secretary of the Prairie Point Metropolitan District No. 1, and that the foregoing is a true and correct copy of the Certification of Mill Levies for the budget year 2024, duly adopted at a meeting of the Board of Directors of the Prairie Point Metropolitan District No. 1 held on December 7, 2023.
