PRAIRIE POINT METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

Prairie Point Metropolitan District No. 2 (the "District") was organized December 10, 2001 by Order of the Arapahoe County District Court and has an Amended and Restated Service Plan dated August 22, 2005, to provide financing for the design, acquisition, installation and construction of water, streets, public transportation, traffic safety, parks, open space and recreation, sewer and drainage facilities, mosquito control, limited fire protection and emergency medical, limited television relay and operation and maintenance of the District. The District's service area is located entirely within the City of Aurora in Arapahoe County, Colorado.

On June 6, 2022, Prairie Point Metropolitan District Nos. 1-3 (the "Districts") entered into that certain First Amended and Restated Prairie Point Community Authority Board Establishment Agreement (the "CABEA"), having an original effective date of September 16, 2021, creating the Prairie Point Community Authority Board (the "CAB"). The CAB was formed for the general purposes of coordinating the provision of services and Public Improvements for the Prairie Point development (the "Development") in accordance land use regulations and development standards of the City of Aurora and Arapahoe County. Among other items, the CABEA establishes that the CAB will issue indebtedness to finance the Public Improvements that the Districts are authorized to finance, construct and/or acquire pursuant to their respective Service Plans, and that the Districts will levy ad valorem property taxes and transfer the related revenue to the CAB for making payment towards such indebtedness and for funding administrative expenses of the Districts as well as operations and maintenance expenses related to the Development.

At the November 6, 2018 election, District voters approved authorization to increase property tax up to \$20,000,000, annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$2,500,000,000 for the above listed facilities and \$250,000,000 for the purpose of refunding debt. The voters also authorized debt of \$250,000,000 for the cost of operating and maintaining the District's systems. The election provided for intergovernmental agreements as multi-fiscal year obligations and allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution or any other law. However, the District's Service Plan stipulates that the total debt that the District will be permitted to issue will not exceed \$250,000,000.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**PRAIRIE POINT METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of property taxes is reflected on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 6% of the property taxes collected.

Aurora Regional Improvements Mill Levy

Pursuant to the Service Plan, the District is required to impose a mill levy for payment of the planning, designing, permitting, construction, acquisition and financing of the regional improvements described in the ARI Master Plan. The ARI Master Plan is one or more master plans adopted by an ARI Authority establishing Regional Improvements which will benefit the taxpayers and service users of the districts which constitute such ARI Authority, which master plan will change from time to time. The District is a participant in the South Aurora Regional Improvement Authority. Revenues collected and held under the ARI mill levy will be held in a segregated account for the benefit of the Authority. The required mill levy is 1.000 mill for collection beginning in the first year of collection of a debt service mill levy and continuing for 20 years, and thereafter, for another 20 years (or until the date of repayment for debt incurred for Public Improvements (excluding Regional Improvements), whichever is first) the required mill levy is 5.000 mills, and for the following 10 years, the required mill levy is equal to the average debt service mill levy imposed in the 10 years prior to the date of repayment of the debt incurred for Public Improvements other than Regional Improvements.

**PRAIRIE POINT METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenses

Intergovernmental Expenditure – Prairie Point Community Authority Board

Property taxes generated from the 82.776 mills levied by the District for operations and maintenance, net of fees and other administrative expenditures, are expected to be transferred to the CAB, which pays all other administrative expenditures.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Debt and Leases

The District has no outstanding debt. Additionally, the District has no operating or capital leases.

Reserve Funds

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to Kings Point Community Authority Board, which pays for all Districts' operations and maintenance costs, an Emergency Reserve is not reflected in the District's budget.

This information is an integral part of the forecasted budget.

I, Lisa Johnson, hereby certify that I am the duly appointed Secretary of the Prairie Point Metropolitan District No. 2, and that the foregoing is a true and correct copy of the budget for the budget year 2023, duly adopted at a meeting of the Board of Directors of the Prairie Point Metropolitan District No.1 held on December 1, 2022.

Notes:

^A **Taxing Entity**—A jurisdiction authorized by law to impose ad valorem property taxes on taxable property located within its territorial limits (please see notes B, C, and H below). For purposes of the DLG 70 only, a *taxing entity* is also a geographic area formerly located within a *taxing entity's* boundaries for which the county assessor certifies a valuation for assessment and which is responsible for payment of its share until retirement of financial obligations incurred by the *taxing entity* when the area was part of the *taxing entity*. For example: an area of excluded property formerly within a special district with outstanding general obligation debt at the time of the exclusion or the area located within the former boundaries of a dissolved district whose outstanding general obligation debt service is administered by another local government^C.

^B **Governing Body**—The board of county commissioners, the city council, the board of trustees, the board of directors, or the board of any other entity that is responsible for the certification of the *taxing entity's* mill levy. For example: the board of county commissioners is the governing board ex officio of a county public improvement district (PID); the board of a water and sanitation district constitutes ex officio the board of directors of the water subdistrict.

^C **Local Government** - For purposes of this line on Page 1 of the DLG 70, the *local government* is the political subdivision under whose authority and within whose boundaries the *taxing entity* was created. The *local government* is authorized to levy property taxes on behalf of the *taxing entity*. For example, for the purposes of this form:

1. a municipality is both the *local government* and the *taxing entity* when levying its own levy for its entire jurisdiction;
2. a city is the *local government* when levying a tax on behalf of a business improvement district (BID) *taxing entity* which it created and whose city council is the BID board;
3. a fire district is the *local government* if it created a subdistrict, the *taxing entity*, on whose behalf the fire district levies property taxes.
4. a town is the *local government* when it provides the service for a dissolved water district and the town board serves as the board of a dissolved water district, the *taxing entity*, for the purpose of certifying a levy for the annual debt service on outstanding obligations.

^D **GROSS Assessed Value** - There will be a difference between gross assessed valuation and net assessed valuation reported by the county assessor only if there is a “tax increment financing” entity (see below), such as a downtown development authority or an urban renewal authority, within the boundaries of the *taxing entity*. The board of county commissioners certifies each *taxing entity's* total mills upon the *taxing entity's* *Gross Assessed Value* found on Line 2 of Form DLG 57.

^E **Certification of Valuation by County Assessor, Form DLG 57** - The county assessor(s) uses this form (or one similar) to provide valuation for assessment information to a *taxing entity*. The county assessor must provide this certification no later than August 25th each year and may amend it, one time, prior to December 10th. Each entity must use the **FINAL** valuation provided by assessor when certifying a tax levy.

^F **TIF Area**—A downtown development authority (DDA) or urban renewal authority (URA), may form plan areas that use “tax increment financing” to derive revenue from increases in assessed valuation (gross minus net, Form DLG 57 Line 3) attributed to the activities/improvements within the plan area. The DDA or URA receives the differential revenue of each overlapping *taxing entity's* mill levy applied against the *taxing entity's* gross assessed value after subtracting the *taxing entity's* revenues derived from its mill levy applied against the net assessed value.

^G **NET Assessed Value**—The total taxable assessed valuation from which the *taxing entity* will derive revenues for its uses. It is found on Line 4 of Form DLG 57. **Please Note:** A downtown development authority (DDA) may be both a *taxing entity* and have also created its own *TIF area* and/or have a URA *TIF Area* within the DDA's boundaries. As a result DDAs may both receive operating revenue from their levy applied to their certified *NET assessed value* and also receive TIF revenue generated by any *tax entity* levies overlapping the DDA's *TIF Area*, including the DDA's own operating levy.

^H General Operating Expenses (DLG 70 Page 1 Line 1)—The levy and accompanying revenue reported on Line 1 is for general operations and includes, in aggregate, all levies for and revenues raised by a *taxing entity* for purposes not lawfully exempted and detailed in Lines 3 through 7 on Page 1 of the DLG 70. For example: a fire pension levy is included in general operating expenses, unless the pension is voter-approved, if voter-approved, use Line 7 (Other).

^I Temporary Tax Credit for Operations (DLG 70 Page 1 Line 2)—The Temporary General Property Tax Credit/ Temporary Mill Levy Rate Reduction of 39-1-111.5, C.R.S. may be applied to the *taxing entity*'s levy for general operations to effect refunds. Temporary Tax Credits (TTCs) are not applicable to other types of levies (non-general operations) certified on this form because these levies are adjusted from year to year as specified by the provisions of any contract or schedule of payments established for the payment of any obligation incurred by the *taxing entity* per 29-1-301(1.7), C.R.S., or they are certified as authorized at election per 29-1-302(2)(b), C.R.S.

^J General Obligation Bonds and Interest (DLG 70 Page 1 Line 3)—Enter on this line the total levy required to pay the annual debt service of all general obligation bonds. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments. Title 32, Article 1 Special districts and subdistricts must complete Page 2 of the DLG 70.

^K Contractual Obligation (DLG 70 Page 1 Line 4)—If repayment of a contractual obligation with property tax has been approved at election and it is not a general obligation bond (shown on Line 3), the mill levy is entered on this line. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments.

^L Capital Expenditures (DLG 70 Page 1 Line 5)—These revenues are not subject to the statutory property tax revenue limit if they are approved by counties and municipalities through public hearings pursuant to 29-1-301(1.2) C.R.S. and for special districts through approval from the Division of Local Government pursuant to 29-1-302(1.5) C.R.S. or for any *taxing entity* if approved at election. Only levies approved by these methods should be entered on Line 5.

^M Refunds/Abatements (DLG 70 Page 1 Line 6)—The county assessor reports on the *Certification of Valuation* (DLG 57 Line 11) the amount of revenue from property tax that the local government did not receive in the prior year because taxpayers were given refunds for taxes they had paid or they were given abatements for taxes originally charged to them due to errors made in their property valuation. The local government was due the tax revenue and would have collected it through an adjusted mill levy if the valuation errors had not occurred. Since the government was due the revenue, it may levy, in the subsequent year, a mill to collect the refund/abatement revenue. An abatement/refund mill levy may generate revenues up to, but not exceeding, the refund/abatement amount from Form DLG 57 Line 11.

1. Please Note: Pursuant to Article X, Section 3 of the Colorado Constitution, if the *taxing entity* is in more than one county, as with all levies, the abatement levy must be uniform throughout the entity's boundaries and certified the same to each county. To calculate the abatement/refund levy for a *taxing entity* that is located in more than one county, first total the abatement/refund amounts reported by each county assessor, then divide by the *taxing entity*'s total net assessed value, then multiply by 1,000 and round down to the nearest three decimals to prevent levying for more revenue than was abated/refunded. This results in an abatement/refund mill levy that will be uniformly certified to all of the counties in which the *taxing entity* is located even though the abatement/refund did not occur in all the counties.

^N Other (DLG 70 Page 1 Line 7)—Report other levies and revenue not subject to 29-1-301 C.R.S. that were not reported above. For example: a levy for the purposes of television relay or translator facilities as specified in sections 29-7-101, 29-7-102, and 29-7-105 and 32-1-1005 (1) (a), C.R.S.; a voter-approved fire pension levy; a levy for special purposes such as developmental disabilities, open space, etc.

I, Lisa Johnson, hereby certify that I am the duly appointed Secretary of the Prairie Point Metropolitan District No. 2, and that the foregoing is a true and correct copy of the Certification of Mill Levies for the budget year 2023, duly adopted at a meeting of the Board of Directors of the Prairie Point Metropolitan District No. 2 held on December 1, 2022.
